

ACO Protective Equipment Training Hosted by the Bristol Police Department November 7-8, 2019 - Bristol, Rhode Island

November 7, 2019 – 8:00 AM to 5:00 PM

Baton/Bitestick Certification – For many departments the Bitestick/Baton is the highest use of force option available for an Animal Control Officer to protect themselves and the public against an attack from vicious and dangerous dogs. Our ACO Protective Equipment Training is unique in that it is specific to the daily work performed by Animal Control Officers. Our programs address the safety considerations from both the human and animal perspective. The ASP™ Basic Certification program is a hands-on seminar. The course will familiarize the Animal Control Officer with the practical use of the friction-lock and lever-lock baton. The training and instruction will cover the following topics: Safety; Legal Concepts; Use of Force Options; Documentation; Portation (mode of carry); and Practical Use and Retention of the ASP™ baton.

November 8, 2019 – 8:00 AM to 12:00 PM

Pepper Spray Certification – Pepper spray is one of the most widely used, non-lethal self-defense options available to protect Animal Control Officers around the world. When used properly, pepper spray, also referred to as O.C. spray (Oleoresin Capsicum) is extremely effective on both humans and animals to prevent being assaulted or attacked. Proper training is required to use pepper spray effectively. The ACTS Pepper Spray course is a certification course that provides instruction and training in the following areas: Introduction to Pepper Spray and LE Chemical Agents; The Use of Force/Compliance Options; Deployment Scenarios, Methods and Tactics; O.C. Effectiveness; Human and Animal Decontamination Procedures.
