

# **Training Course for Animal Control Professionals**

## **March 11-12, 2019**

### **Hosted by the Dutchess County SPCA**

#### **Hyde Park, New York**

#### **March 11, 2019 – 8:00 AM to 5:00 PM**

**Officer Safety and Self-Defense** – Whether you work in an urban or rural setting, or both, Animal Control Officers are exposed to situations that can be potentially dangerous concerning officer safety. Most ACO's do not have the luxury of working with a partner. ACO's typically work alone, are assigned to varying shifts, and stand-by. Requests for back up from fellow officers or other law enforcement agencies can often be delayed or not immediately available, placing the ACO at greater risk. The ACO Field Safety course is an 8-hour program designed to promote officer safety through danger recognition and prevention techniques. The classroom portion covers the areas of situational awareness, contact considerations, threat assessment, use of force options and legal concepts. The hands-on practical portion covers control and defense tactics, use of personal body weapons, position of interview and self-defense, footwork and physical body dynamics. Both sections provide real-life scenarios and field service application!

#### **March 12, 2019 – 8:00 AM to 5:00 PM**

**Chemical Immobilization Certification** – Chemical Immobilization offers an alternative to the use of lethal force in response to animals that represent a danger to the public. This 8-hour course will certify officers to chemically immobilize commonly encountered animals, such as dogs, wildlife, exotics and agriculture animals. Humane techniques and methods, drugs and delivery devices, and deployment protocol (what qualifies an animal for chemical immobilization) will be discussed. This course includes both classroom and practical training.

#### **Class Location**

Dutchess County SPCA, Adoptions & Education Building, 636 Violet Avenue, Hyde Park, New York 12538. Need directions? Please call 845-452-7722 or Lynn O'Dell at 845-750-2312.
