

Training Program for Animal Control Professionals Hosted by McCracken County Government June 4-5, 2018 – Paducah, Kentucky

June 4, 2018 – 8:00 AM to 5:00 PM

Chemical Immobilization (certification) – Chemical Immobilization offers an alternative to the use of lethal force in response to animals that represent a danger to the public. This 8-hour course will certify officers to chemically immobilize commonly-encountered animals, such as dogs, wildlife, exotics and agriculture animals. Humane techniques and methods, drugs and delivery devices, and deployment protocol (what qualifies an animal for chemical immobilization) will be discussed. This course includes both classroom and practical training.

June 5, 2018 – 8:00 AM to 5:00 PM

Safe Handling of Aggressive and Dangerous Dogs – When responding to in-progress calls or conducting follow up investigations of dangerous and vicious dog activity, proper training and education is paramount for the Animal Control Officer. ACTS has developed a course specifically for ACO's relating to the safe response, handling and capture of dangerous and vicious dogs. Participants will gain a working knowledge of dog breed history and aggression, stimulus response/critical distance, behavior drives/instincts, dog characteristics/body language, safety equipment/handling considerations.

Safe Animal Handling/Capture & Restraint Equipment – Safe animal capture and handling is extremely important in order to protect the safety of the officer, the public and the animal. This block of instruction covers the skills and equipment that are necessary when dealing with domestic animals, wildlife, exotics and livestock. This practical course focuses on the animal species commonly handled by ACO's, injury prevention, dangers and risks, capture and restraint methods, equipment, safe loading and transportation.

Class Location

McCracken County Emergency Management Complex, Jack Johnston Training Room, 3700 Coleman Road, Paducah, KY 42003. Need directions? Please call 270-448-1530.
