

ACO Protective Equipment Training
January 17-18, 2019
Hosted by the Cities of Grain Valley & Oak Grove
Oak Grove, Missouri

January 17, 2019 – 8:00 AM to 5:00 PM

Chemical Immobilization Certification – Chemical Immobilization offers an alternative to the use of lethal force in response to animals that represent a danger to the public. This 8-hour course will certify officers to chemically immobilize commonly-encountered animals, such as dogs, wildlife, exotics and agriculture animals. Humane techniques and methods, drugs and delivery devices, and deployment protocol (what qualifies an animal for chemical immobilization) will be discussed. This course includes both classroom and practical training.

January 18, 2019 – 8:00 AM to 5:00 PM

Baton/Bitestick Certification – For many departments the Bitestick/Baton is the highest use of force option available for an Animal Control Officer to protect themselves and the public against an attack from vicious and dangerous dogs. Our ACO Protective Equipment Training is unique in that it is specific to the daily work performed by Animal Control Officers. Our programs address the safety considerations from both the human and animal perspective. The ASP™ Basic Certification program is a hands-on seminar. The course will familiarize the Animal Control Officer with the practical use of the friction-lock and lever-lock baton. The training and instruction will cover the following topics: Safety; Legal Concepts; Use of Force Options; Documentation; Portation (mode of carry); and Practical Use and Retention of the ASP™ baton.

Class Location

Oak Grove Parks & Recreation, 2100 S. Broadway, Oak Grove, Missouri 64075. Need directions? Please call 816-690-3773, extension 1001.
