

**Training Course for Animal Control Professionals**  
**Hosted by Weymouth Animal Control**  
**March 14, 2019 - Weymouth, Massachusetts**

**March 14, 2019 – 8:00 AM to 5:00 PM**

**Interview and Investigation Techniques** - Whether an ACO is conducting an animal bite incident, animal abuse or neglect case, or a simple dog-at-large violation, gathering the proper information is critical for a successful investigation. This training module will provide knowledge in how to conduct interviews and investigations specific to Animal Control, and how to lawfully obtain admissions and confessions. The course focuses on rapport building, communication skills, Miranda rights, common human behaviors, deception and denial traits, verbal responses and body language.

**Understanding the ADA and Service Animals** - This training provides background, knowledge and understanding relating to the Americans with Disabilities Act, Service Animals and state laws related to control and licensing for these animals. ACO's and Law Enforcement Officers will be better prepared to apply the laws, regulations and policies that may arise when encountering service animals and their owners. Connect the signs of abuse common to each situation involving people and animals. The topics include the Americans with Disabilities Act (ADA) for government agencies, rights and regulations for service animals, federal and state laws for service animals, and requirements for handling service animals for agencies. The course will help clarify and define the roles of ACO's and LEO's within the scope of their employment.

**Sovereign Citizens** - A frightening trend confronting law enforcement, including animal control, involves individuals claiming exemption from the laws of the land. Also known as "travelers" or "free citizens", these persons pose a serious threat to officer safety and unique challenges to enforcement action. Students will be exposed to the tactics, philosophy and actions of this movement including how to identify involved individuals.
